The graph displays the elevation profile for three distinct areas. The y-axis represents the elevation (Cota) in meters, ranging from 1150 to 1210. The x-axis represents distance, ranging from 0 to 3500 meters. Three data series are plotted: Área Ref (blue solid line), Área Teste (red solid line), and Área Inter (orange dashed line). Each line is accompanied by a shaded area representing the confidence interval. The Área Ref series starts at approximately 1187m and ends at 1170m. The Área Teste series starts at approximately 1187m and ends at 1175m. The Área Inter series starts at approximately 1187m and ends at 1170m.
